IMPROVE RISK AWARENESS

“[I gained] a deeper sense of risk awareness. Whereas the main thought process before each call was essentially medical revision of the task at hand, I now also think of the possible risks and best practices in each situation.”

70 countries.

700 complete strangers.

30 minutes per day.

Never at the same time.

No travel.

Let's try the old-fashioned way
28 in-person workshops & trainings
Financial and opportunity cost...
...you have to stop working!
For what outcome...?

Problem statement

1. What is the problem we want to solve?

How to mobilize a global community to document security risk

2. What is the proposed solution

4-week course format, peer reviewed project

3. What does success look like?

Pre-hospital emergency workers from all over the world motivated to collaborate

Scale

Access

Expertise

Complexity

Diversity

Applicability

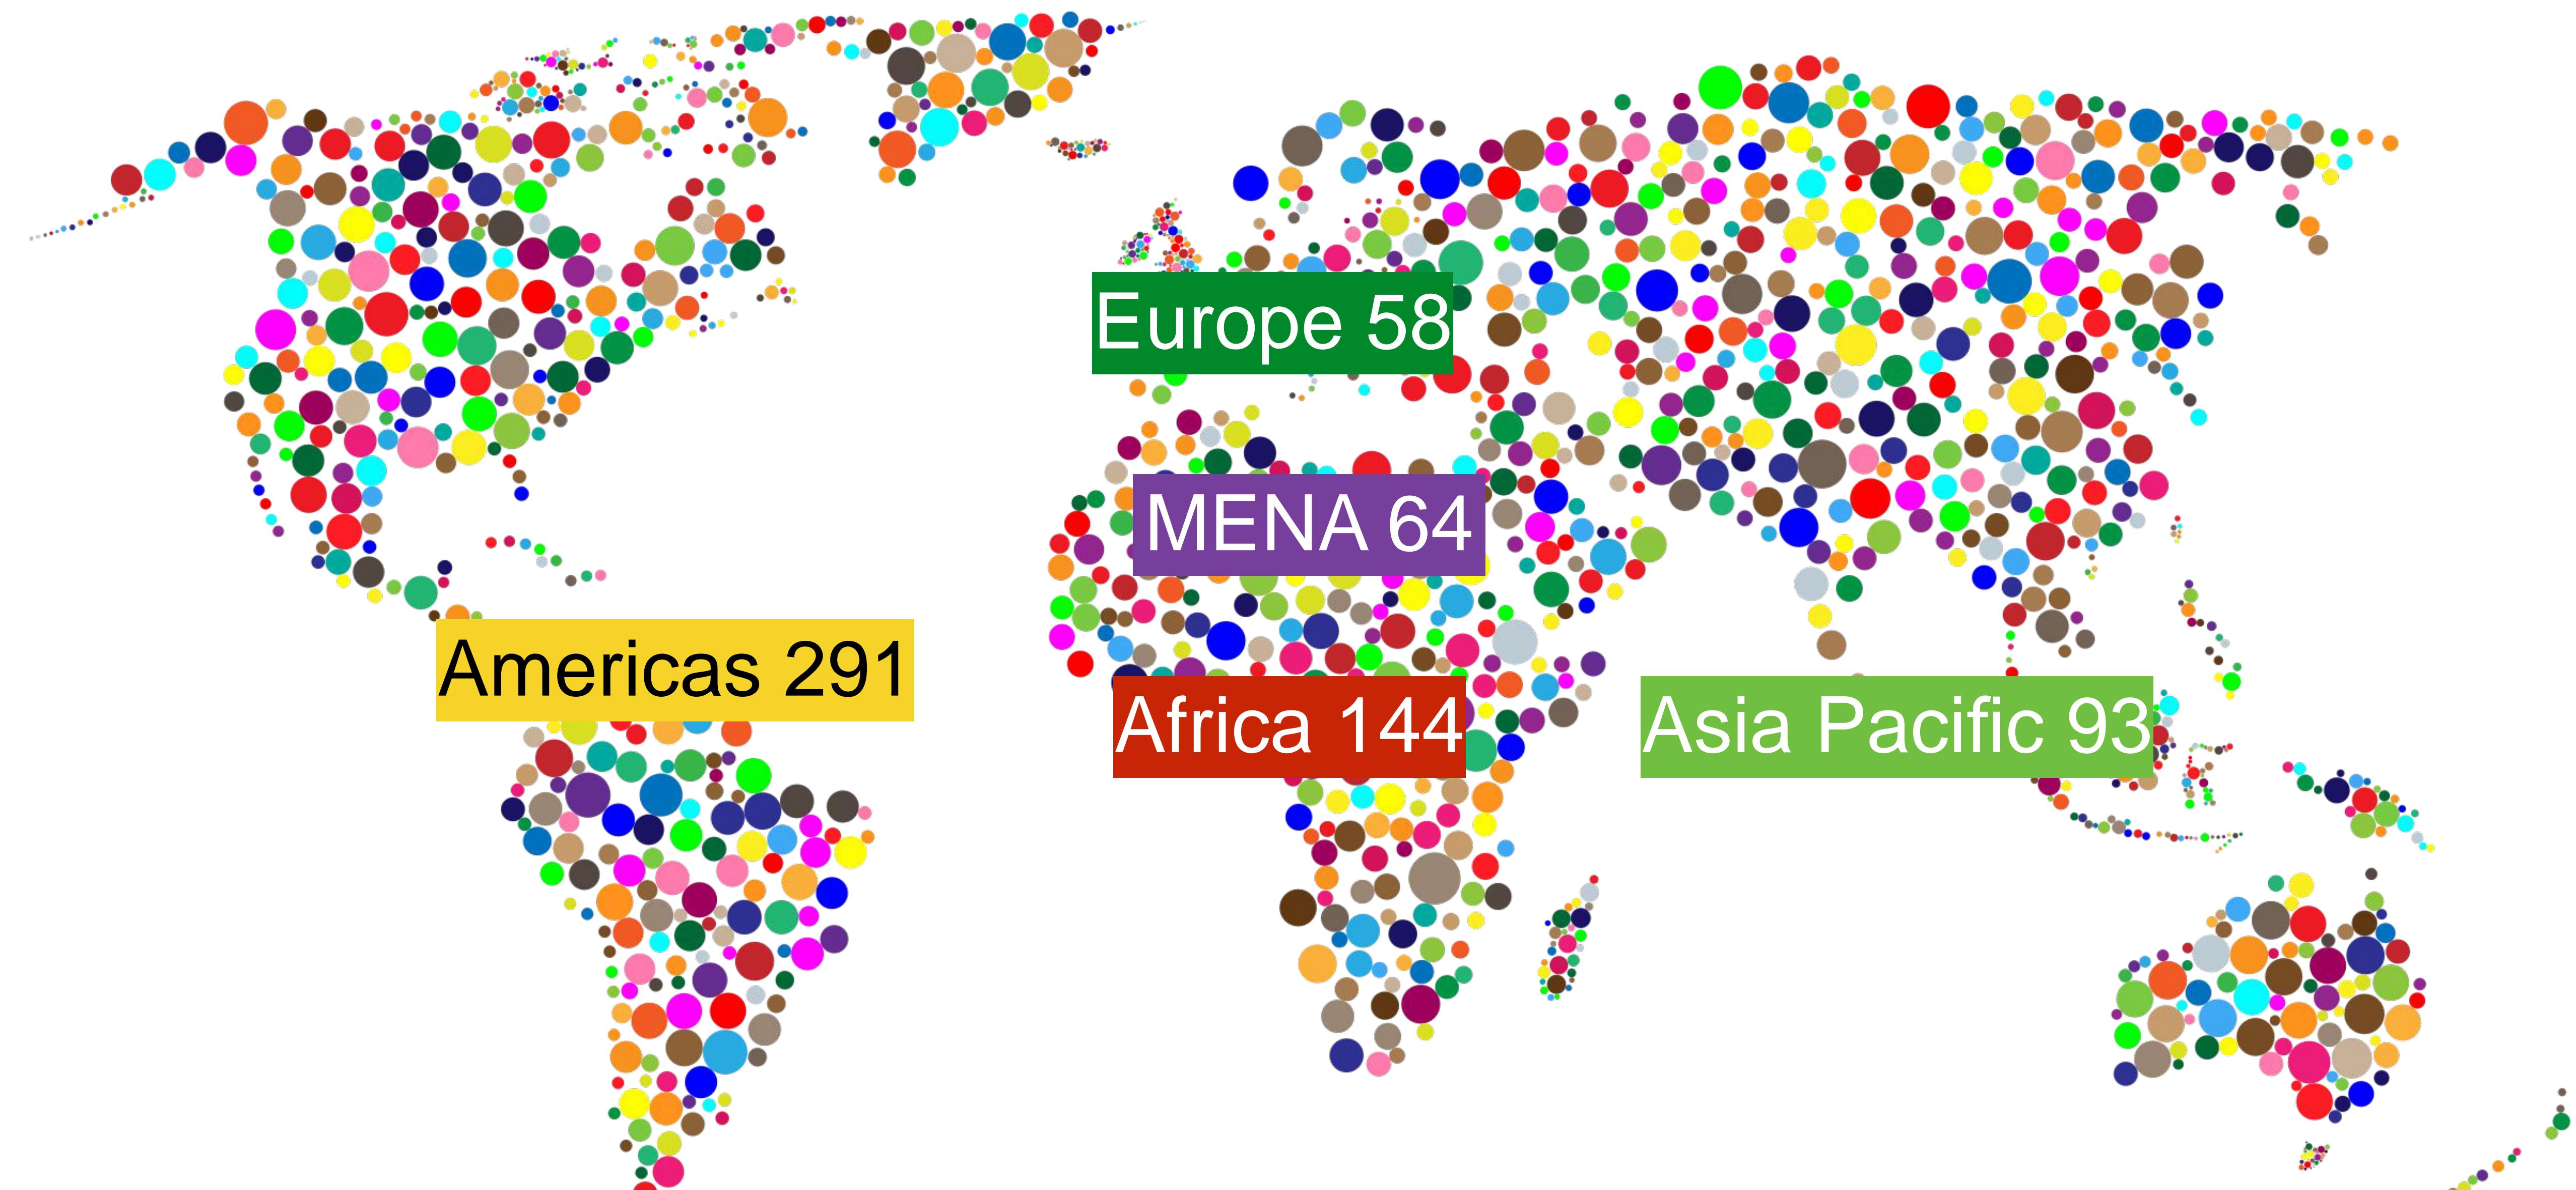

Scale and access

No upper limit to the number of participants

Peer review provides formative assessment

Tangible artefact of work can be used for summative assessment and certification

Applicants, by region

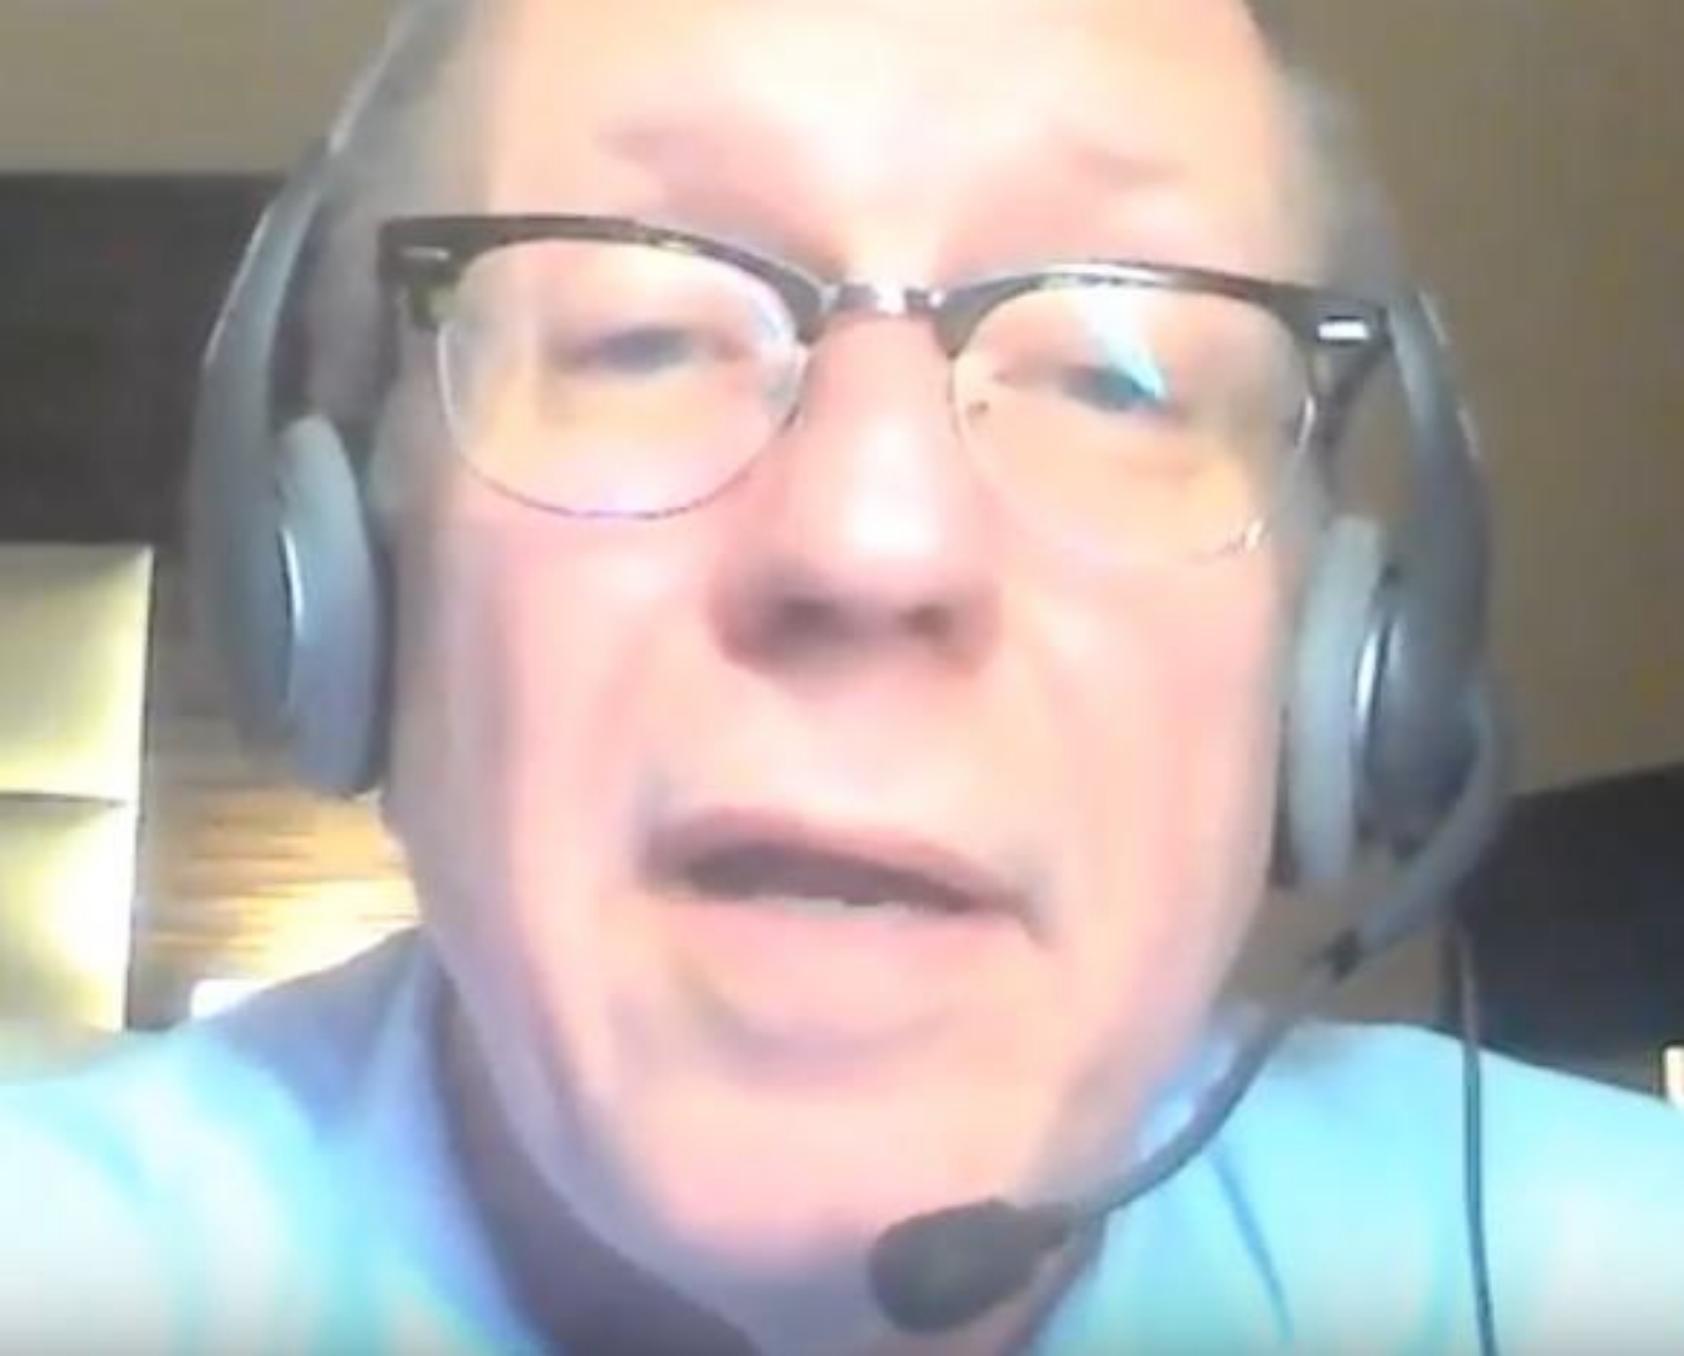

Expertise

Minimize demand on SME time

Leverage participant experience

Rubric used to enforce standard

Complexity

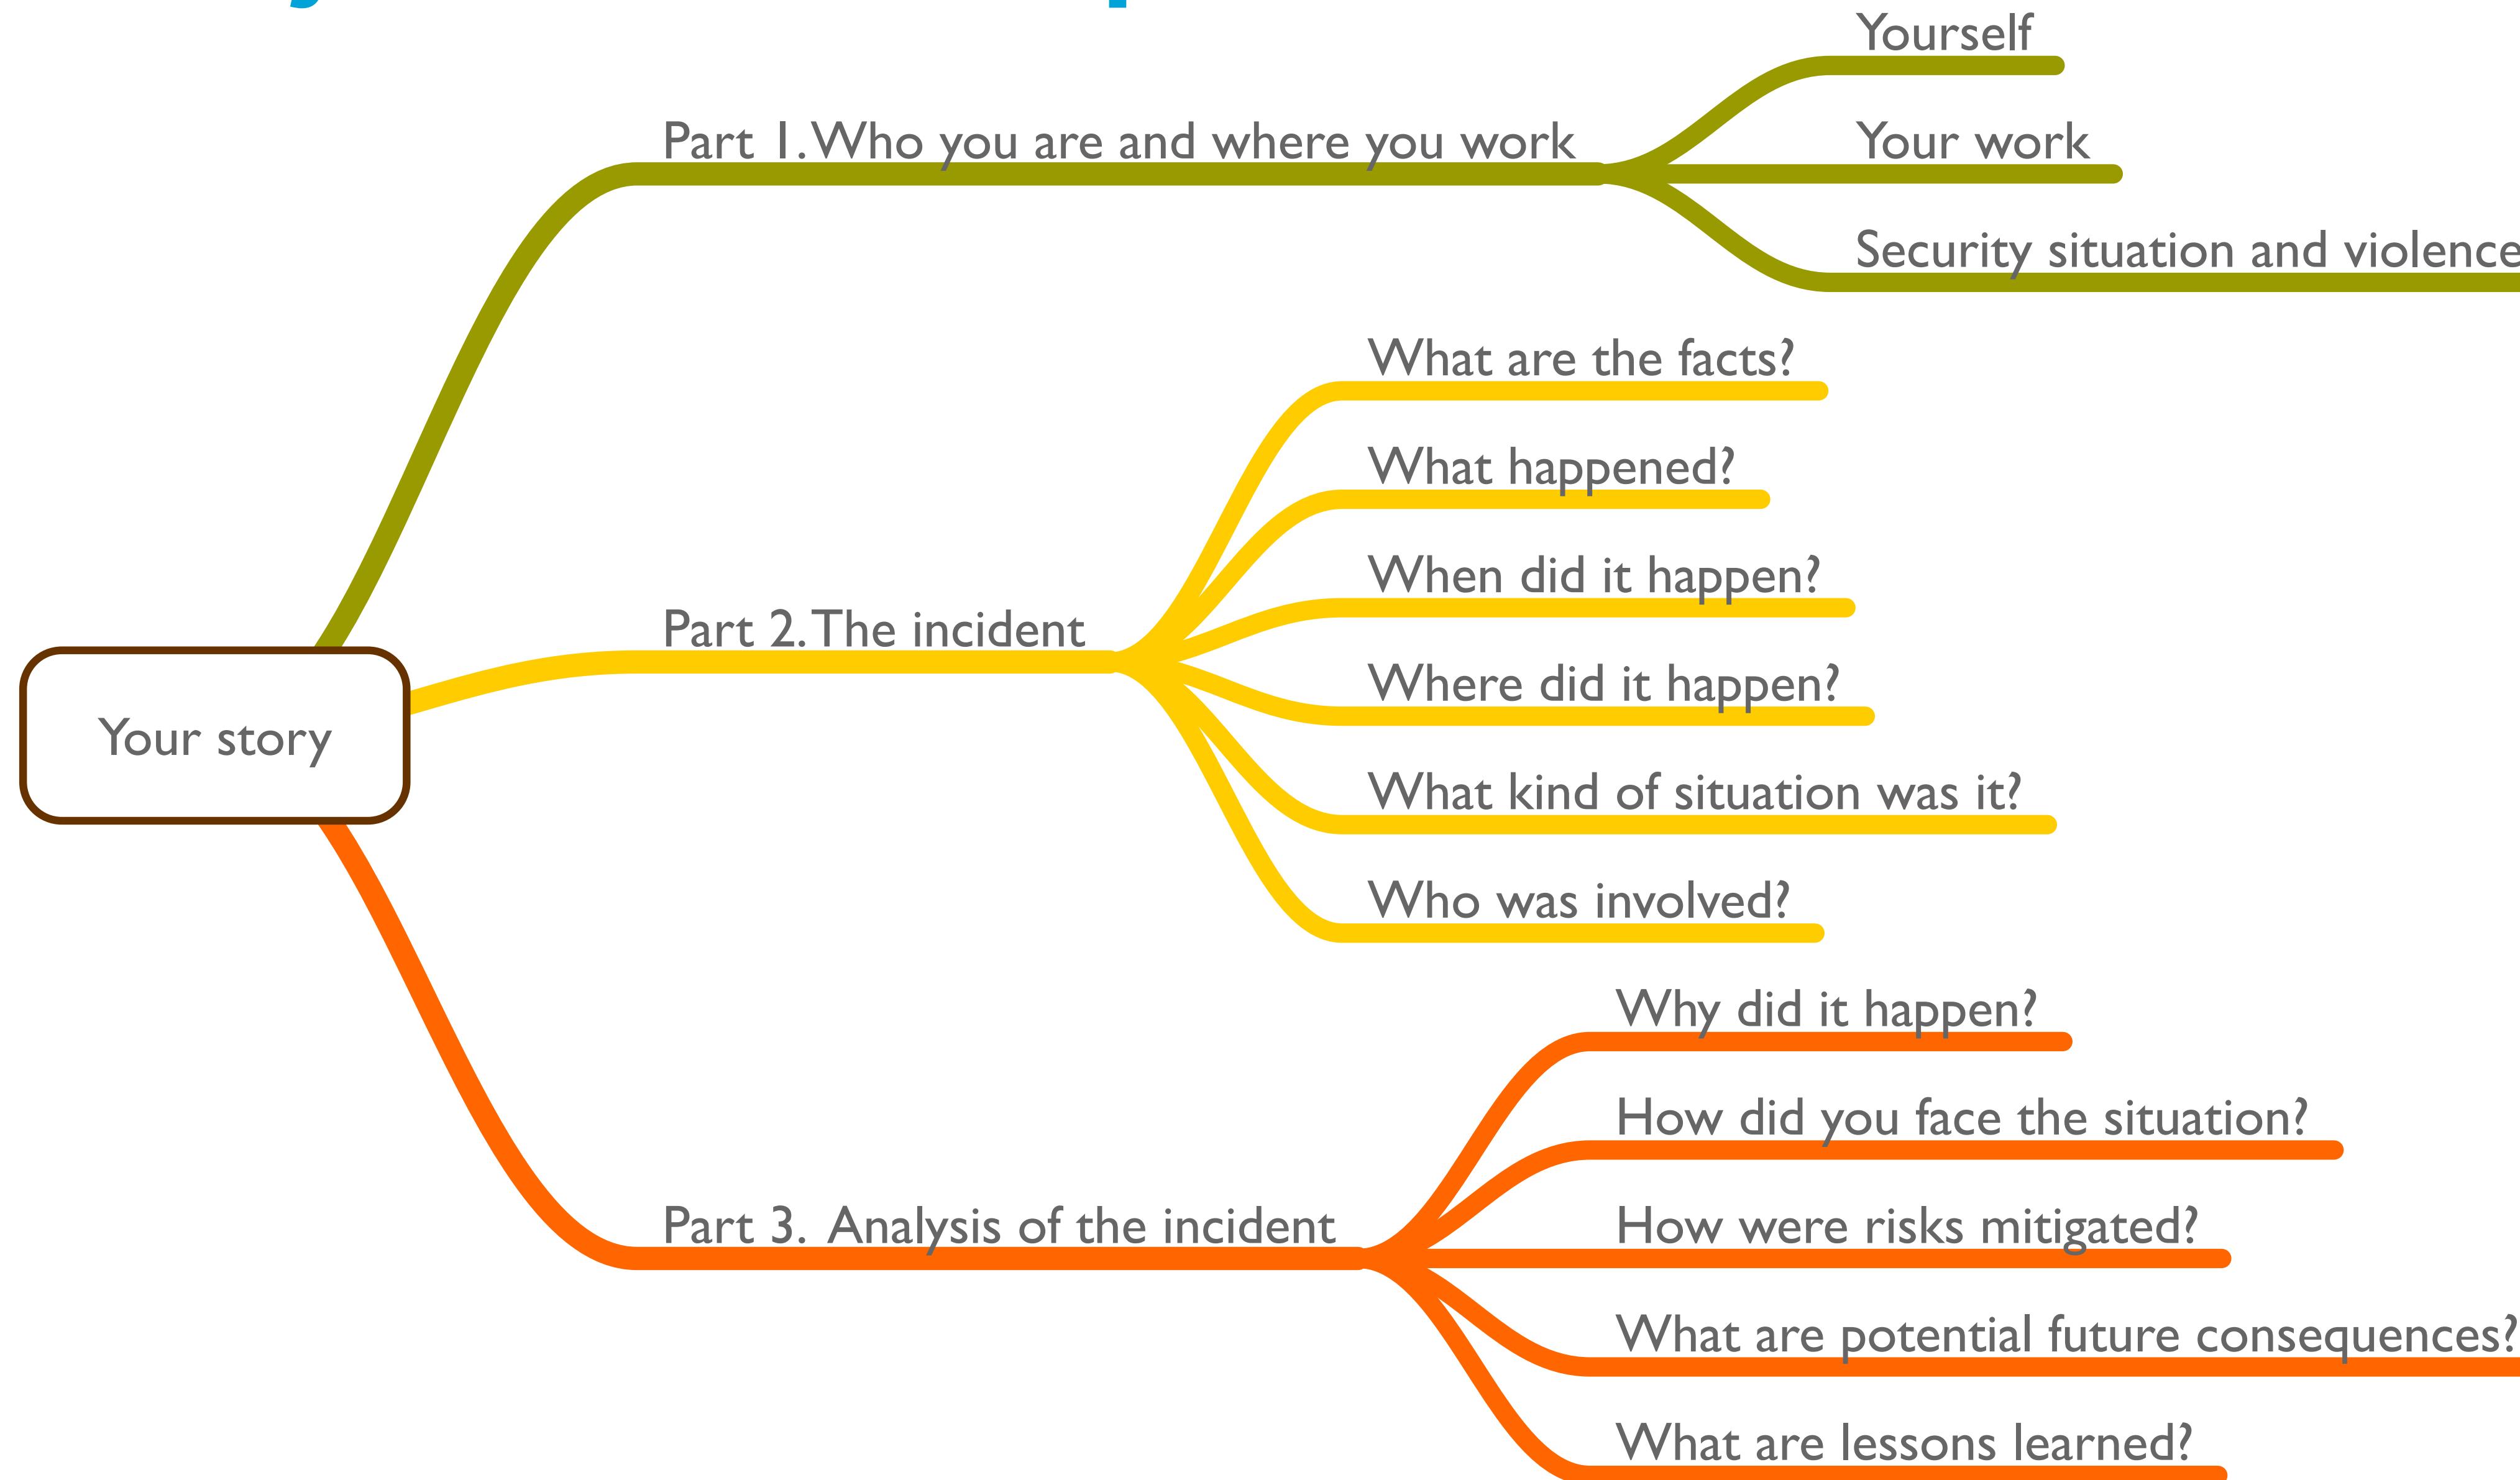

Metacognition

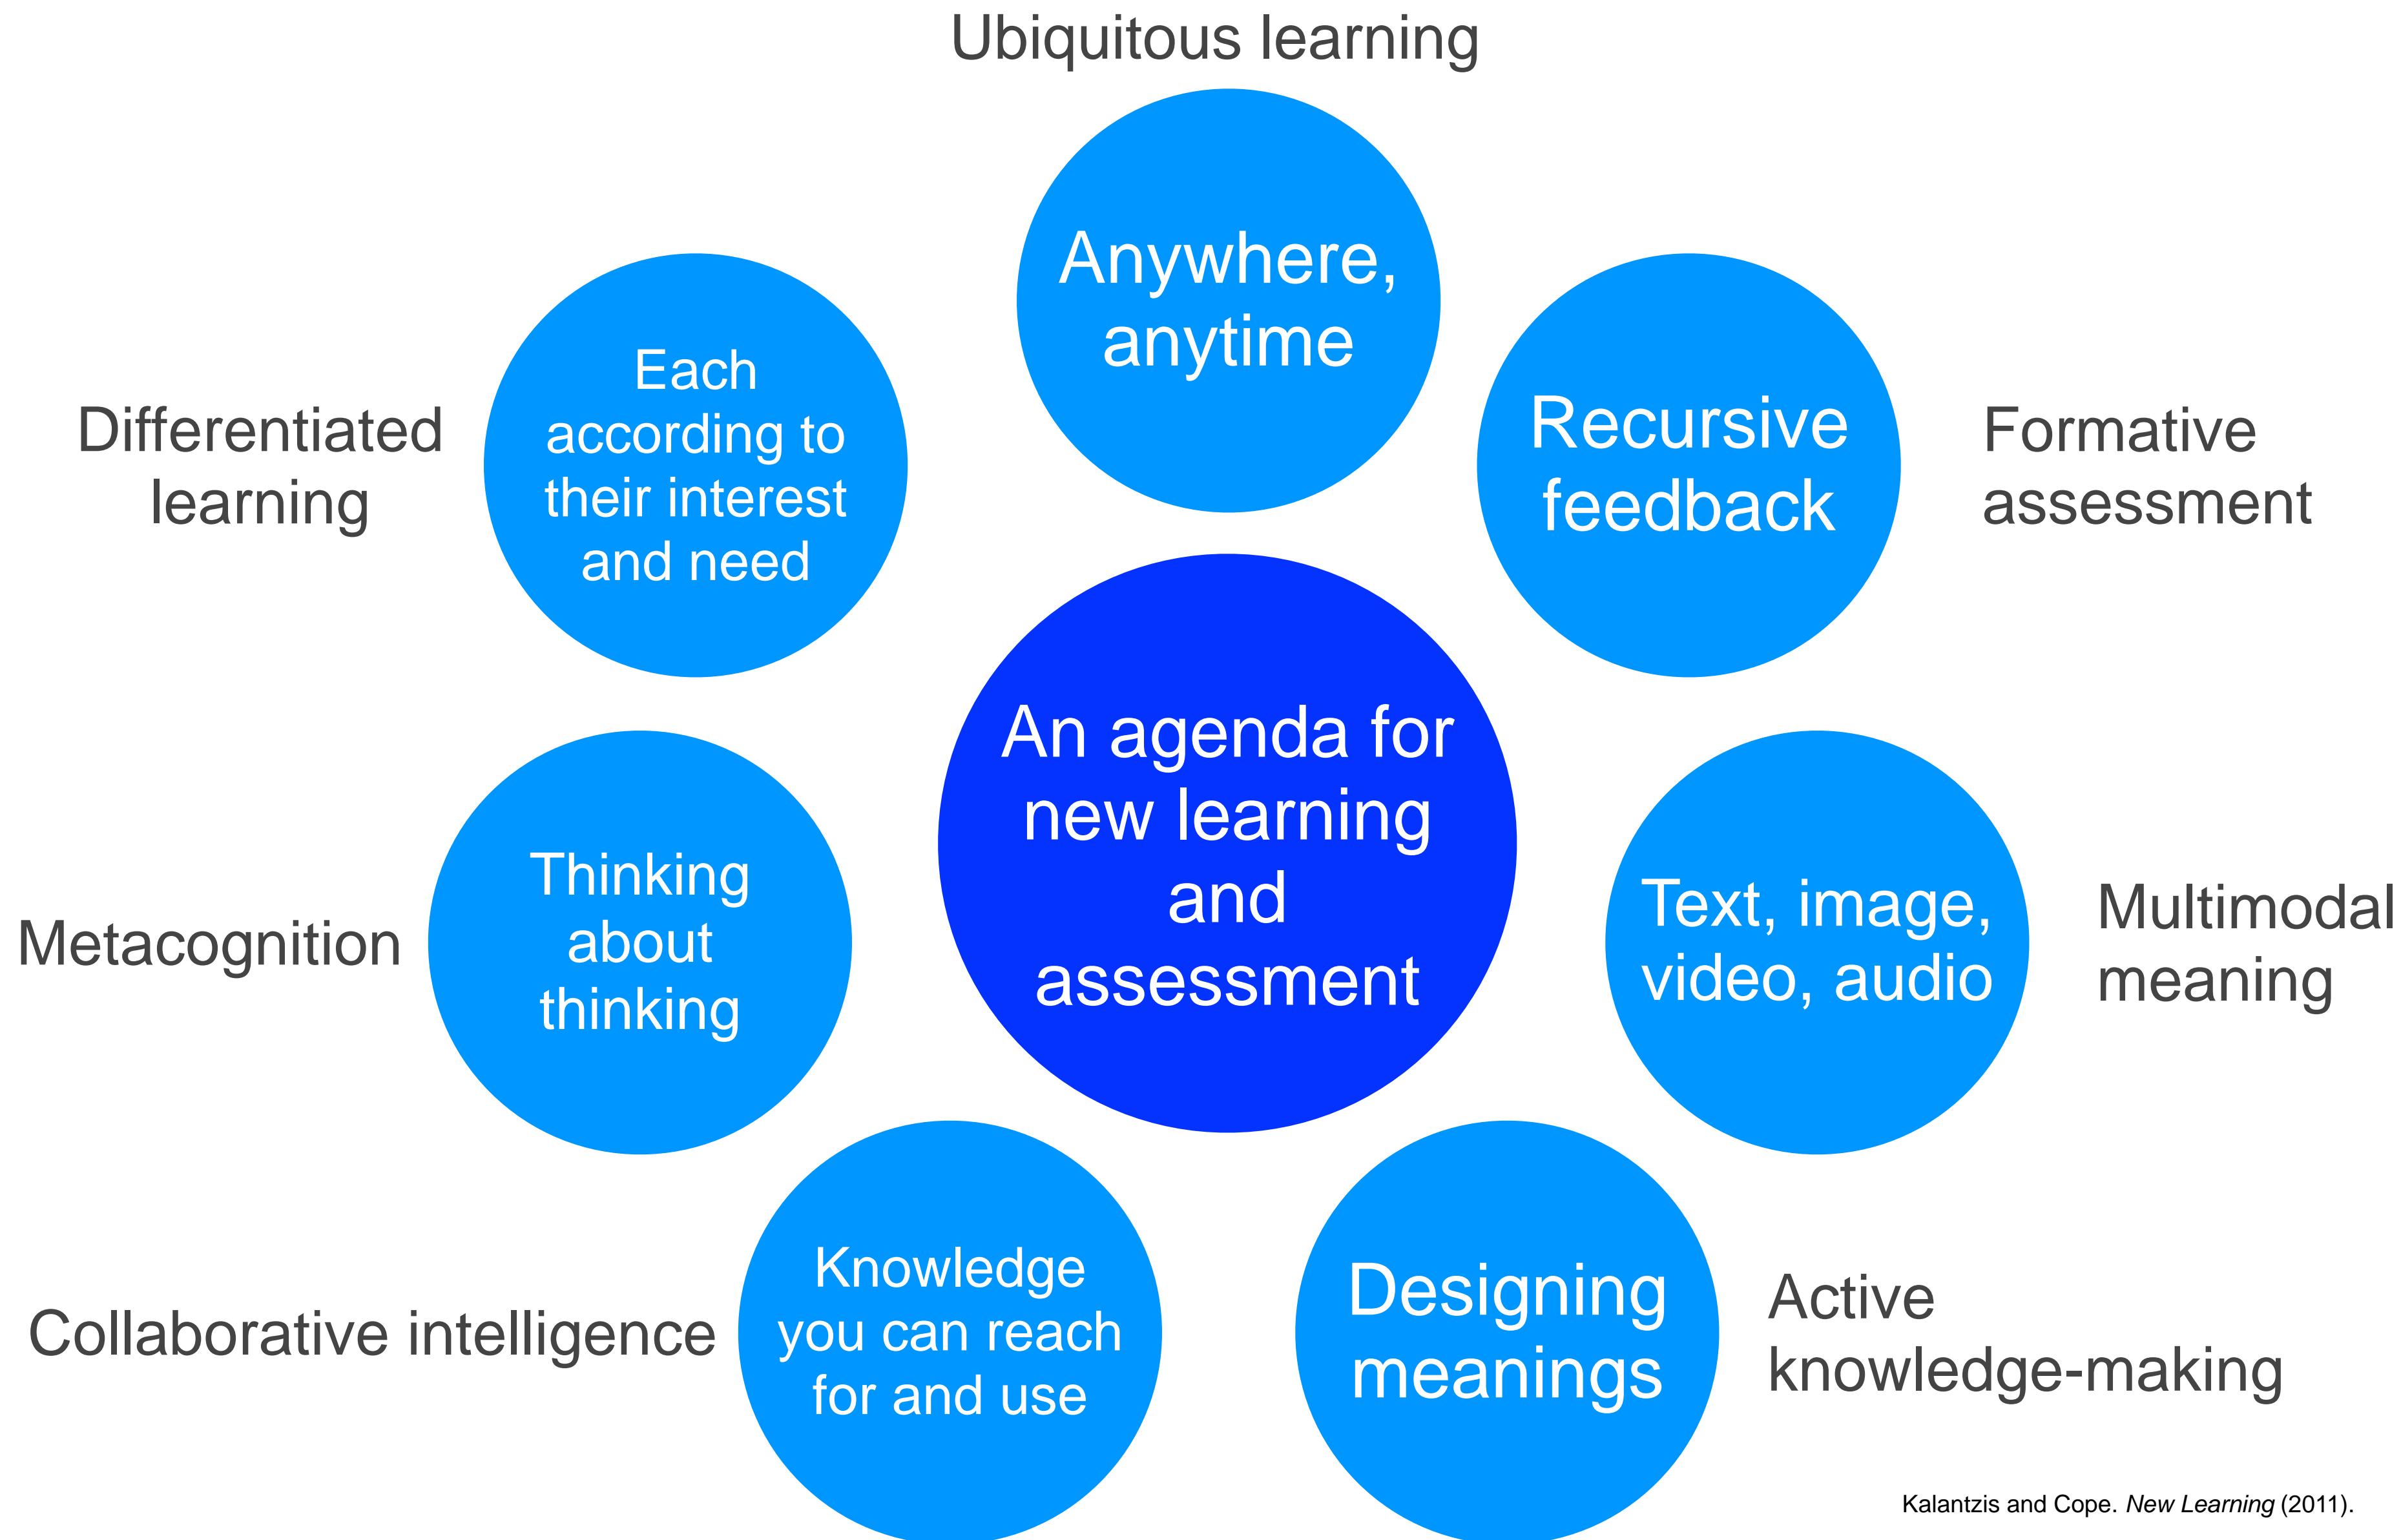

Differentiated learning

Collaborative intelligence

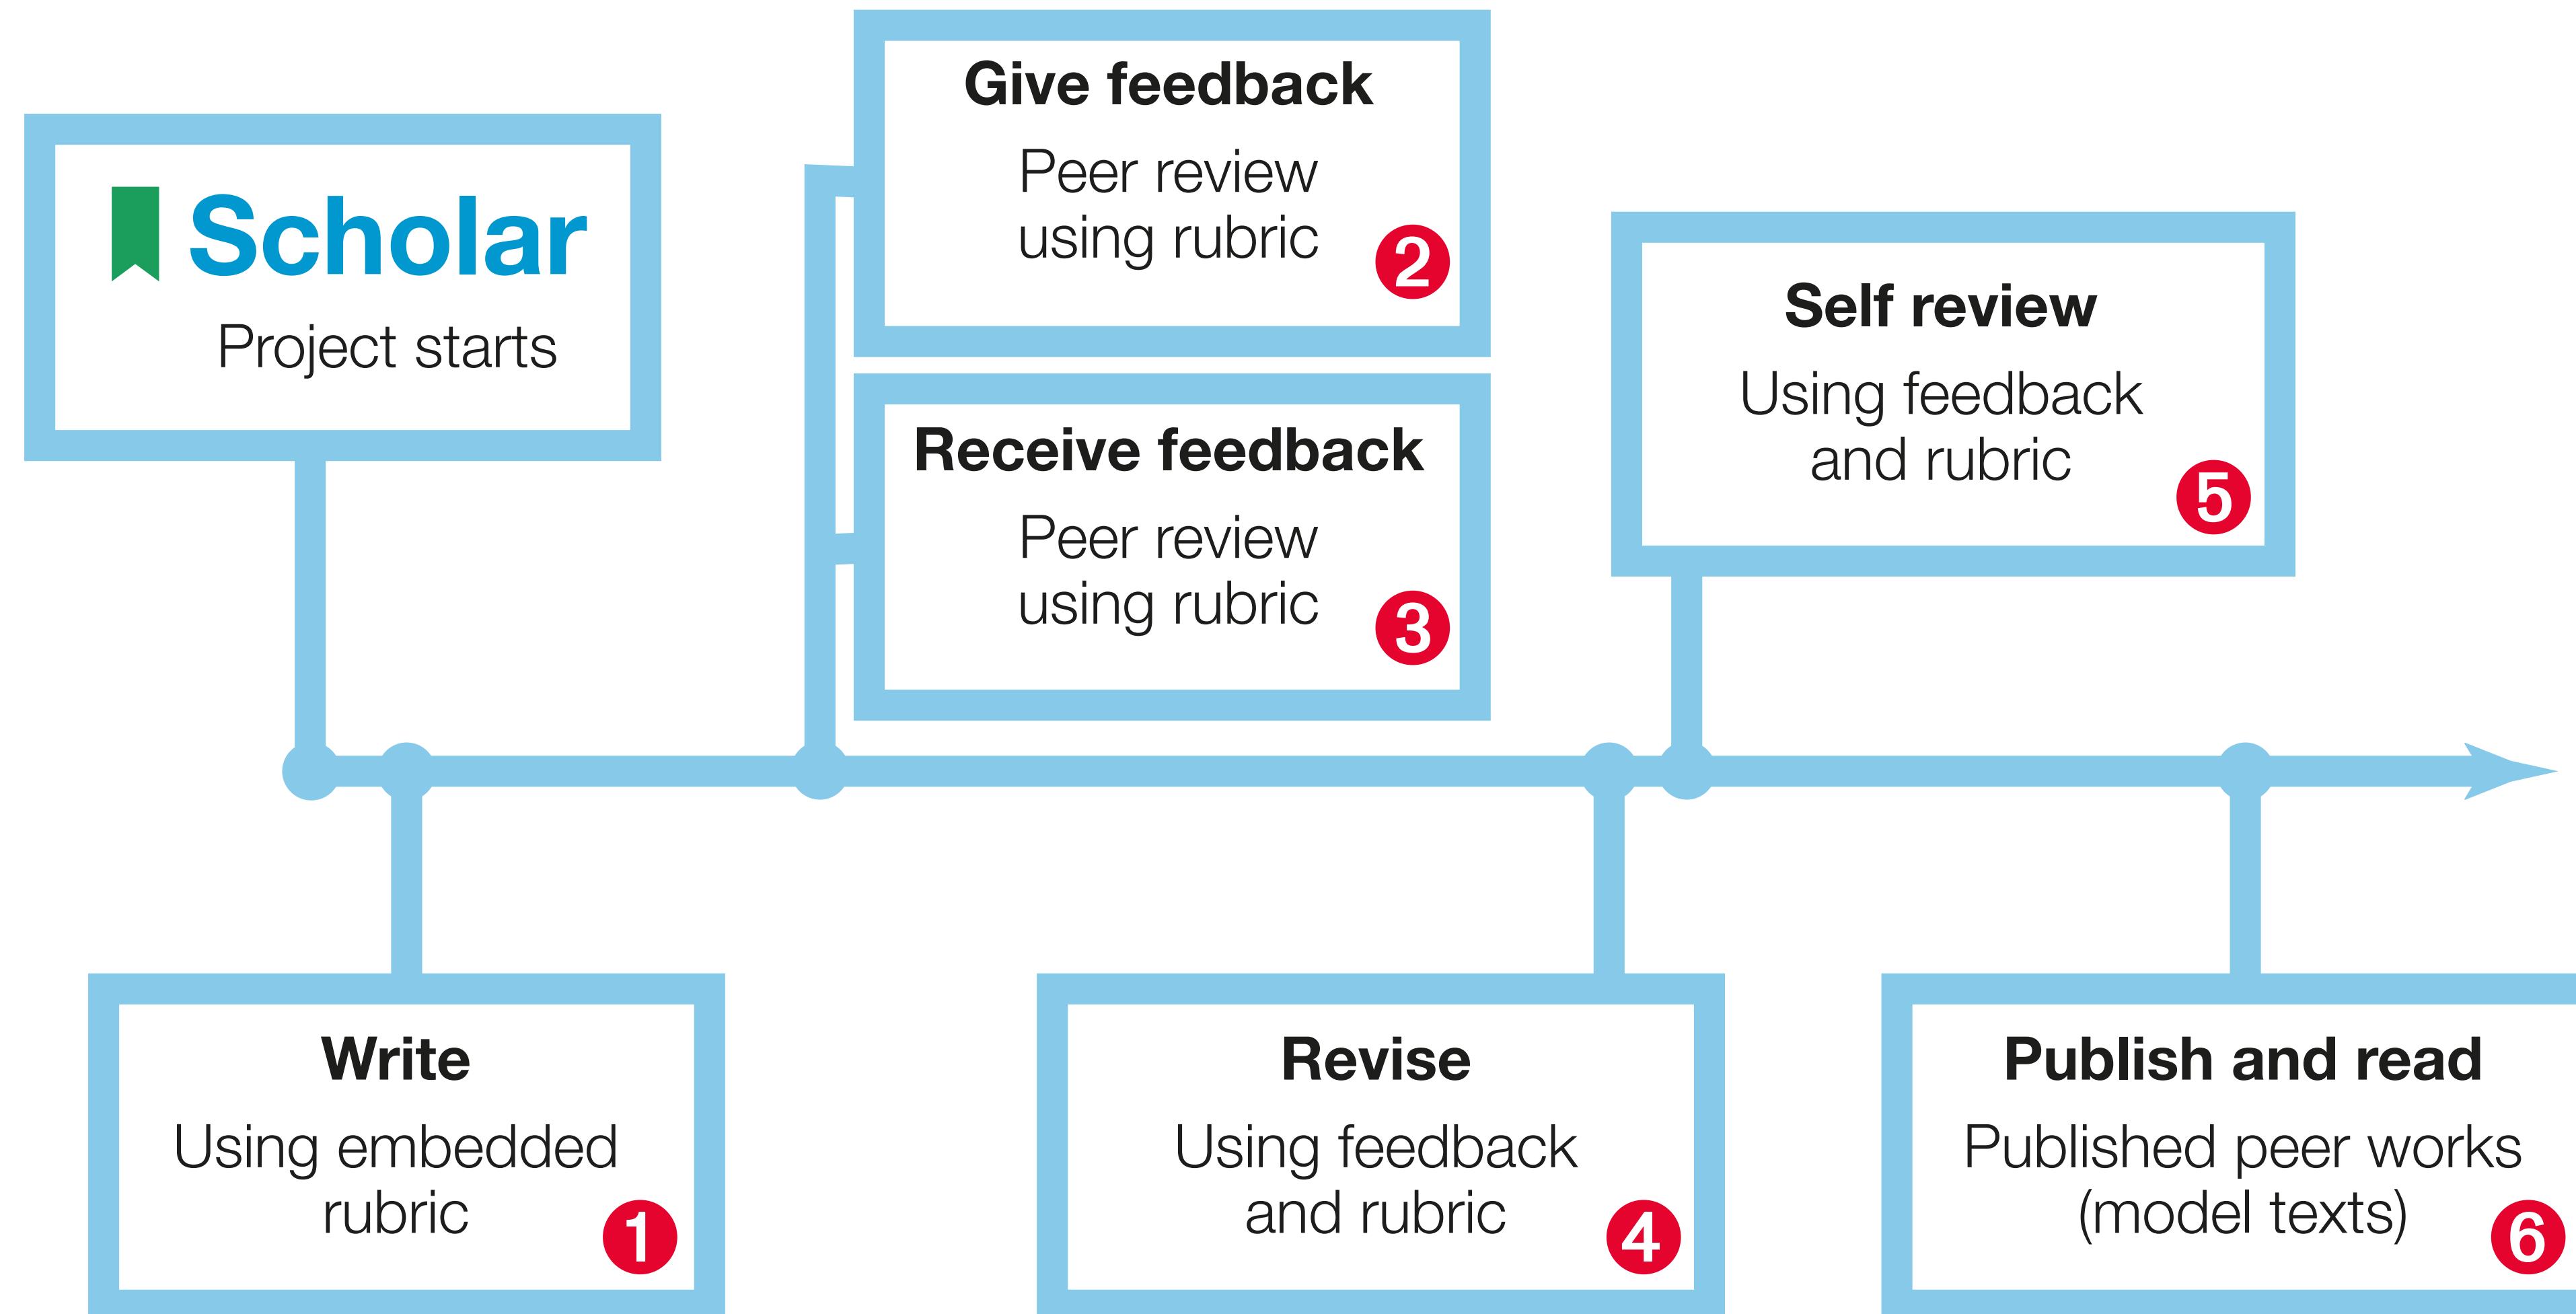

Project- and problem-based

El titular del presente certificado ha acordado presentar el contenido del trabajo desarrollado en el contexto de este curso si le fuera solicitado.

It was fascinating to learn about similar issues that we face in completely different scenarios

it is amazing to me to see what others face in EMS

When we combine our experience with others' experiences, we gain a lot

I have gained so much more insight since starting this

truly an amazing and eye opening experience

I have imagined how I would deal with some of these dilemmas

Reading case studies spurs me on to pursue my career in this field

I gained a lot of knowledge during the peer review

“I am humbled. I cannot imagine facing a fraction of the violence. We are now able to take time off for post-traumatic stress. Makes me feel wimpy if I ever felt the need to use it, relative to some of the incredibly challenging and harrowing stories I have read.”

“Very helpful to me personally to put into writing what happens to us – and I hope it can be helpful for other people”

“First of all, I gained new colleagues from around the world. Second, we exchanged our experience.”

“I understood that we need to be connected with the population we are helping, with respect of diversity and having their feedback regarding what we are doing.”

“Many case studies I saw were about ‘normal’ operations (intoxicated family members, etc.) – I want to take these case studies and share them with my colleagues – we have continued training program and we want to share these experiences”

Please keep these types of courses running.

I find the discussion groups enormously informational. I would like to see more of these discussion groups and increase the time.

Sharing is learning in a practical sense. Thoroughly enjoying the networking and knowing people around the globe.

Encourage more projects like this

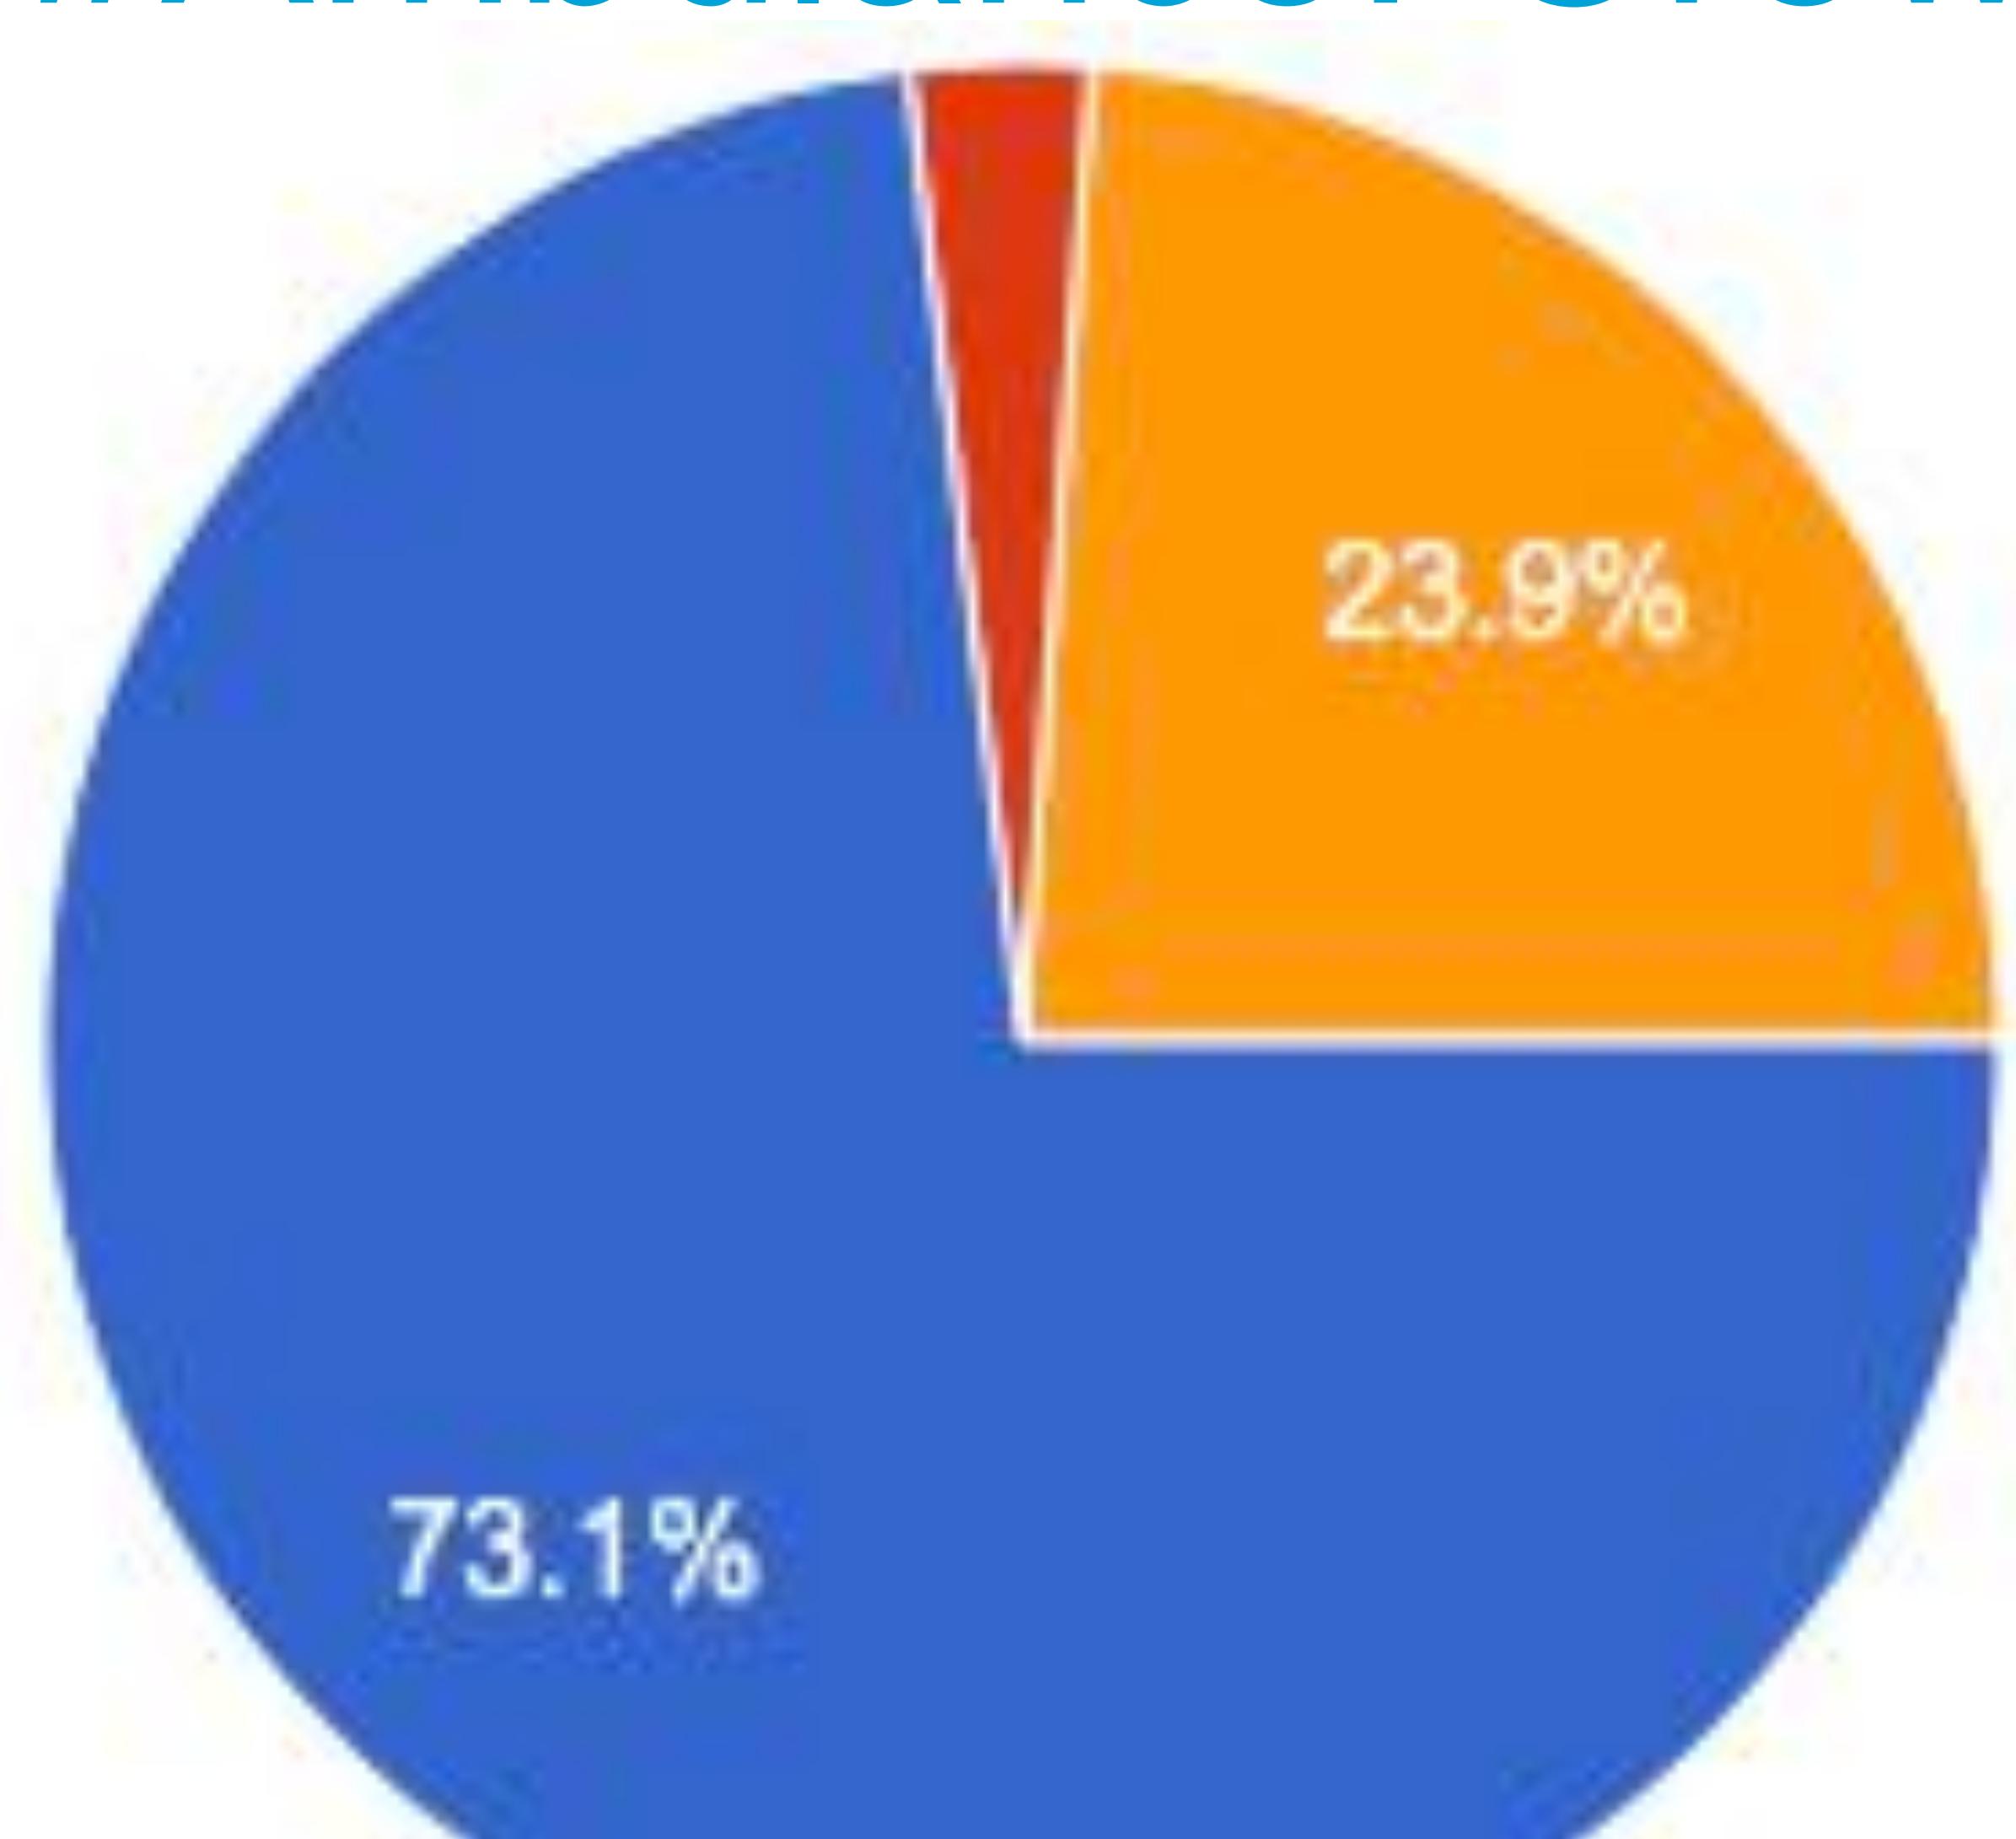

I like that you have divided the course in small task. As a result I don't feel overwhelmed.

If there's another course aligned with the same objectives of #Ambulance I would definitely join again and recommend my friends and peers in the same organization or with same interests to join and gain invaluable information about various incidents so as to better prepare ourselves.

Thumbs up for the great idea of coming up with the course

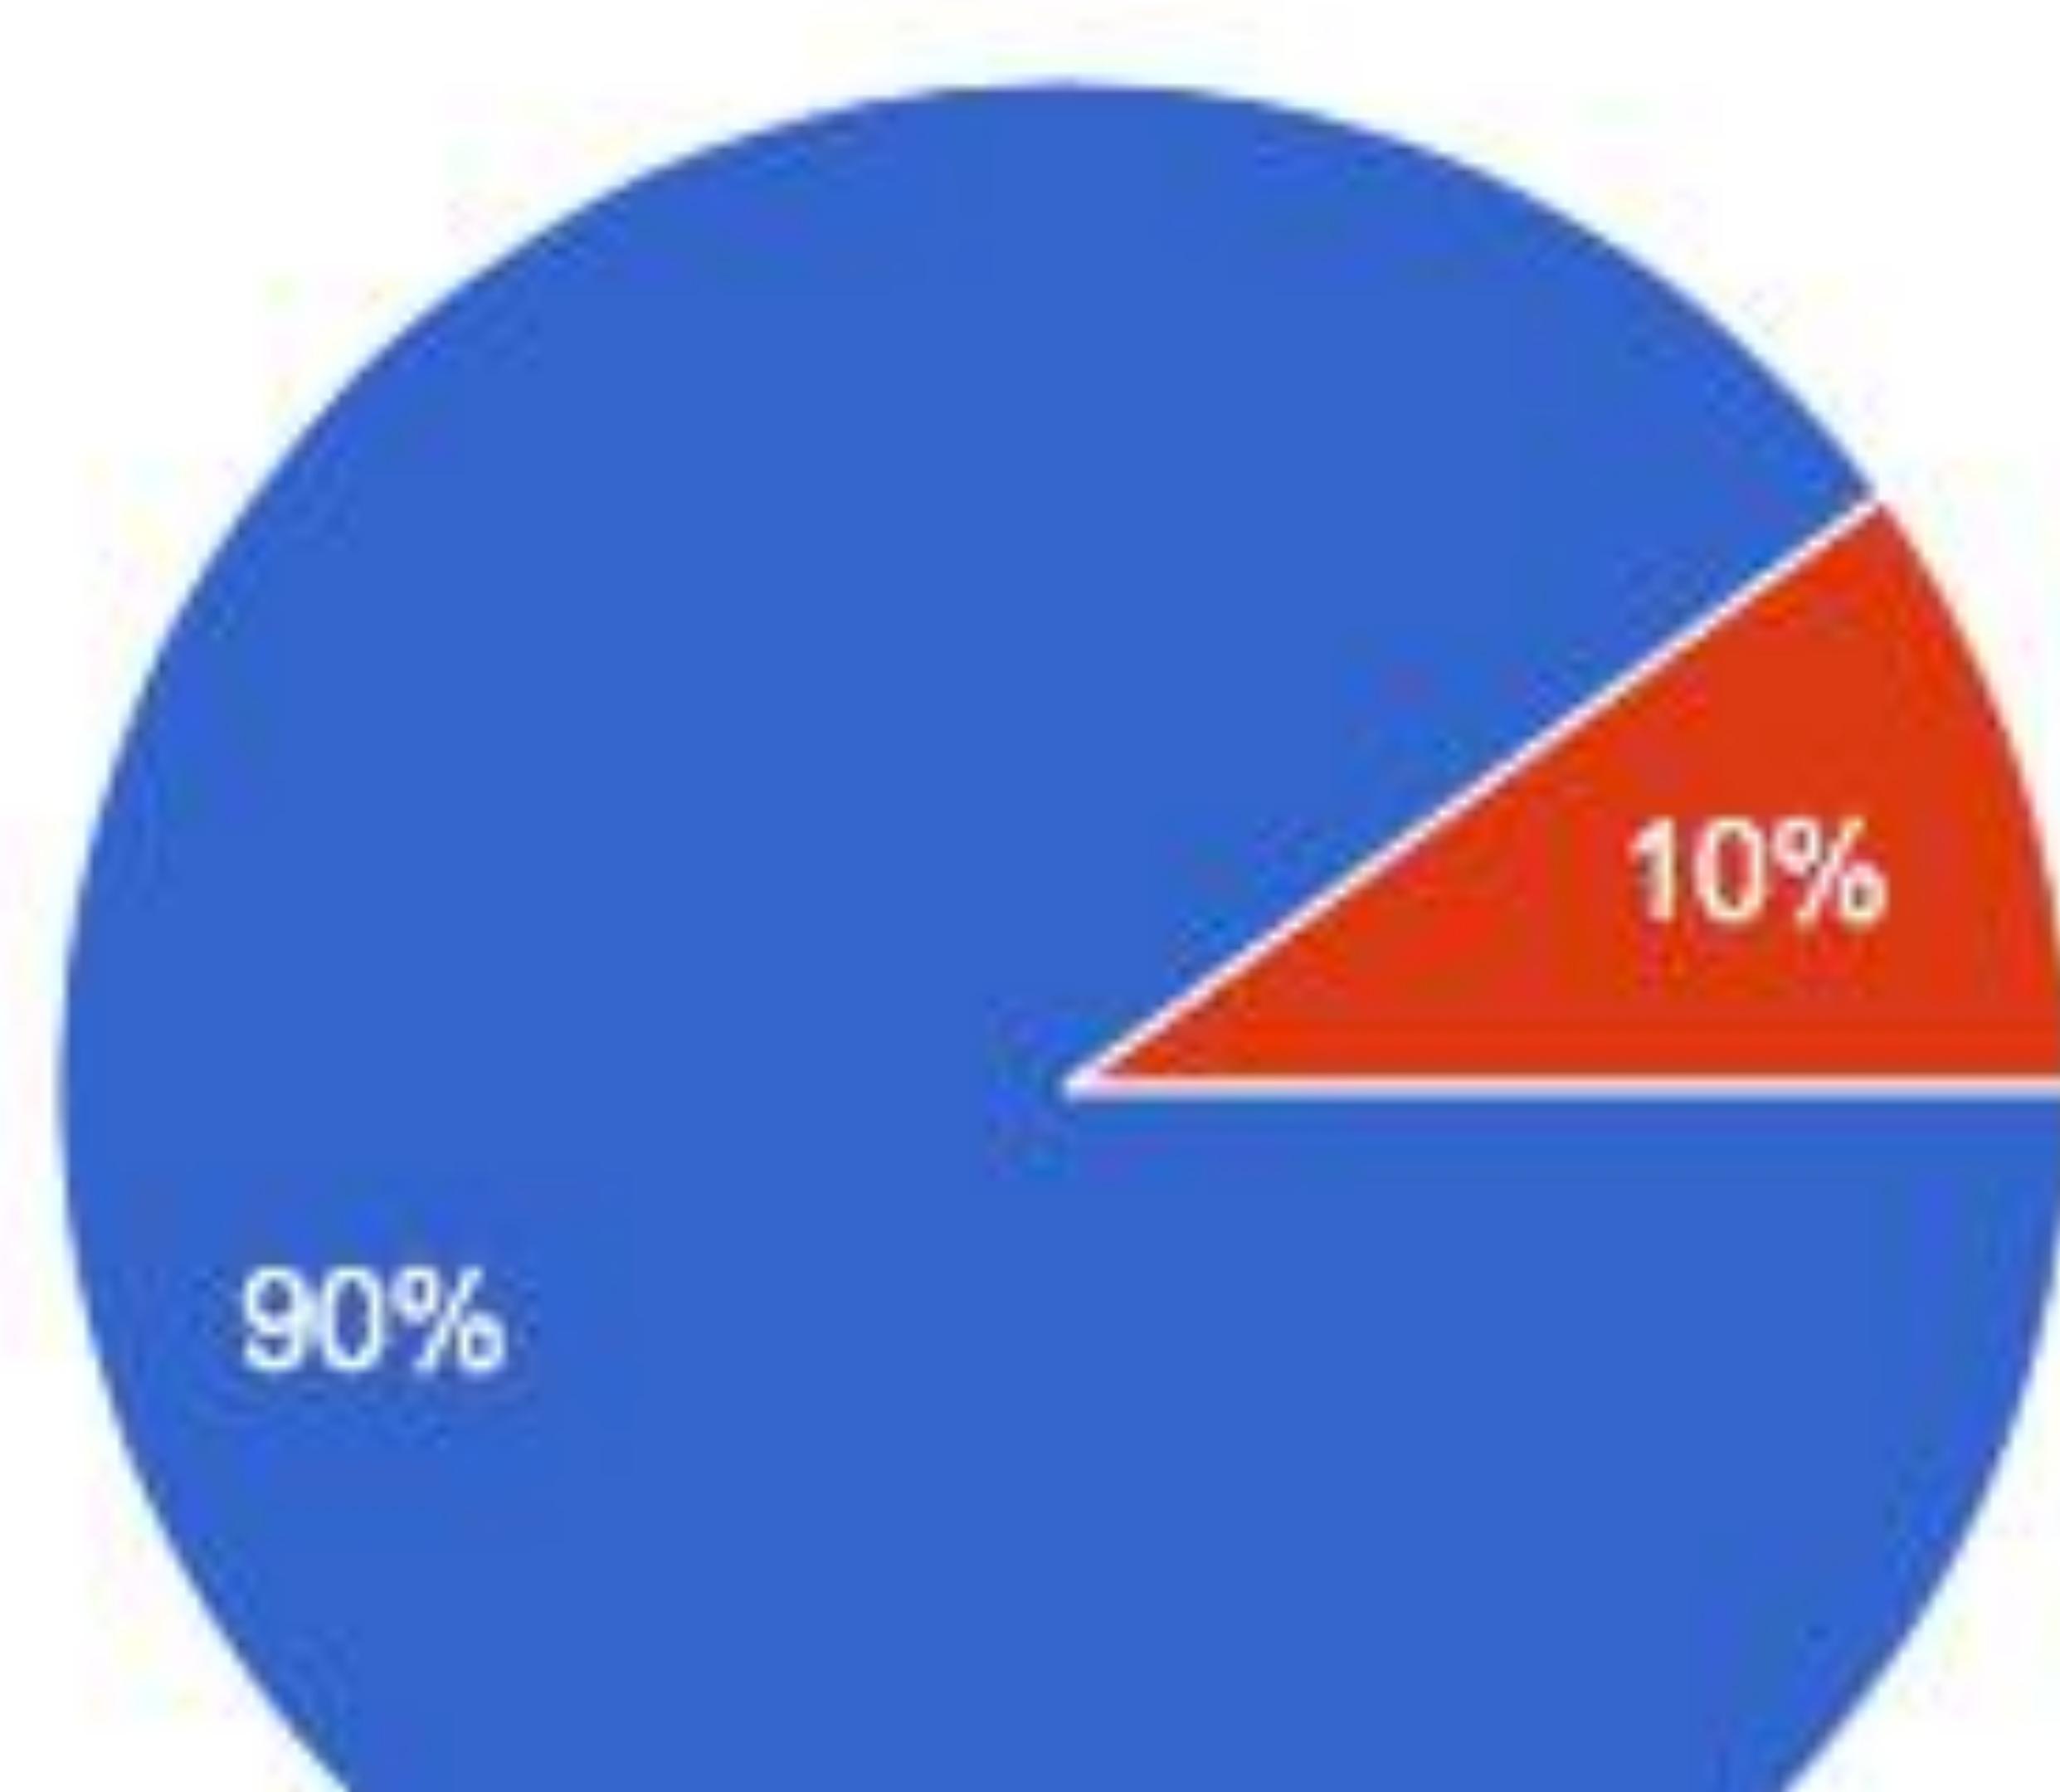

I truly enjoyed my time doing all this.

Does your organization support your participation in the #Ambulance! Crew?

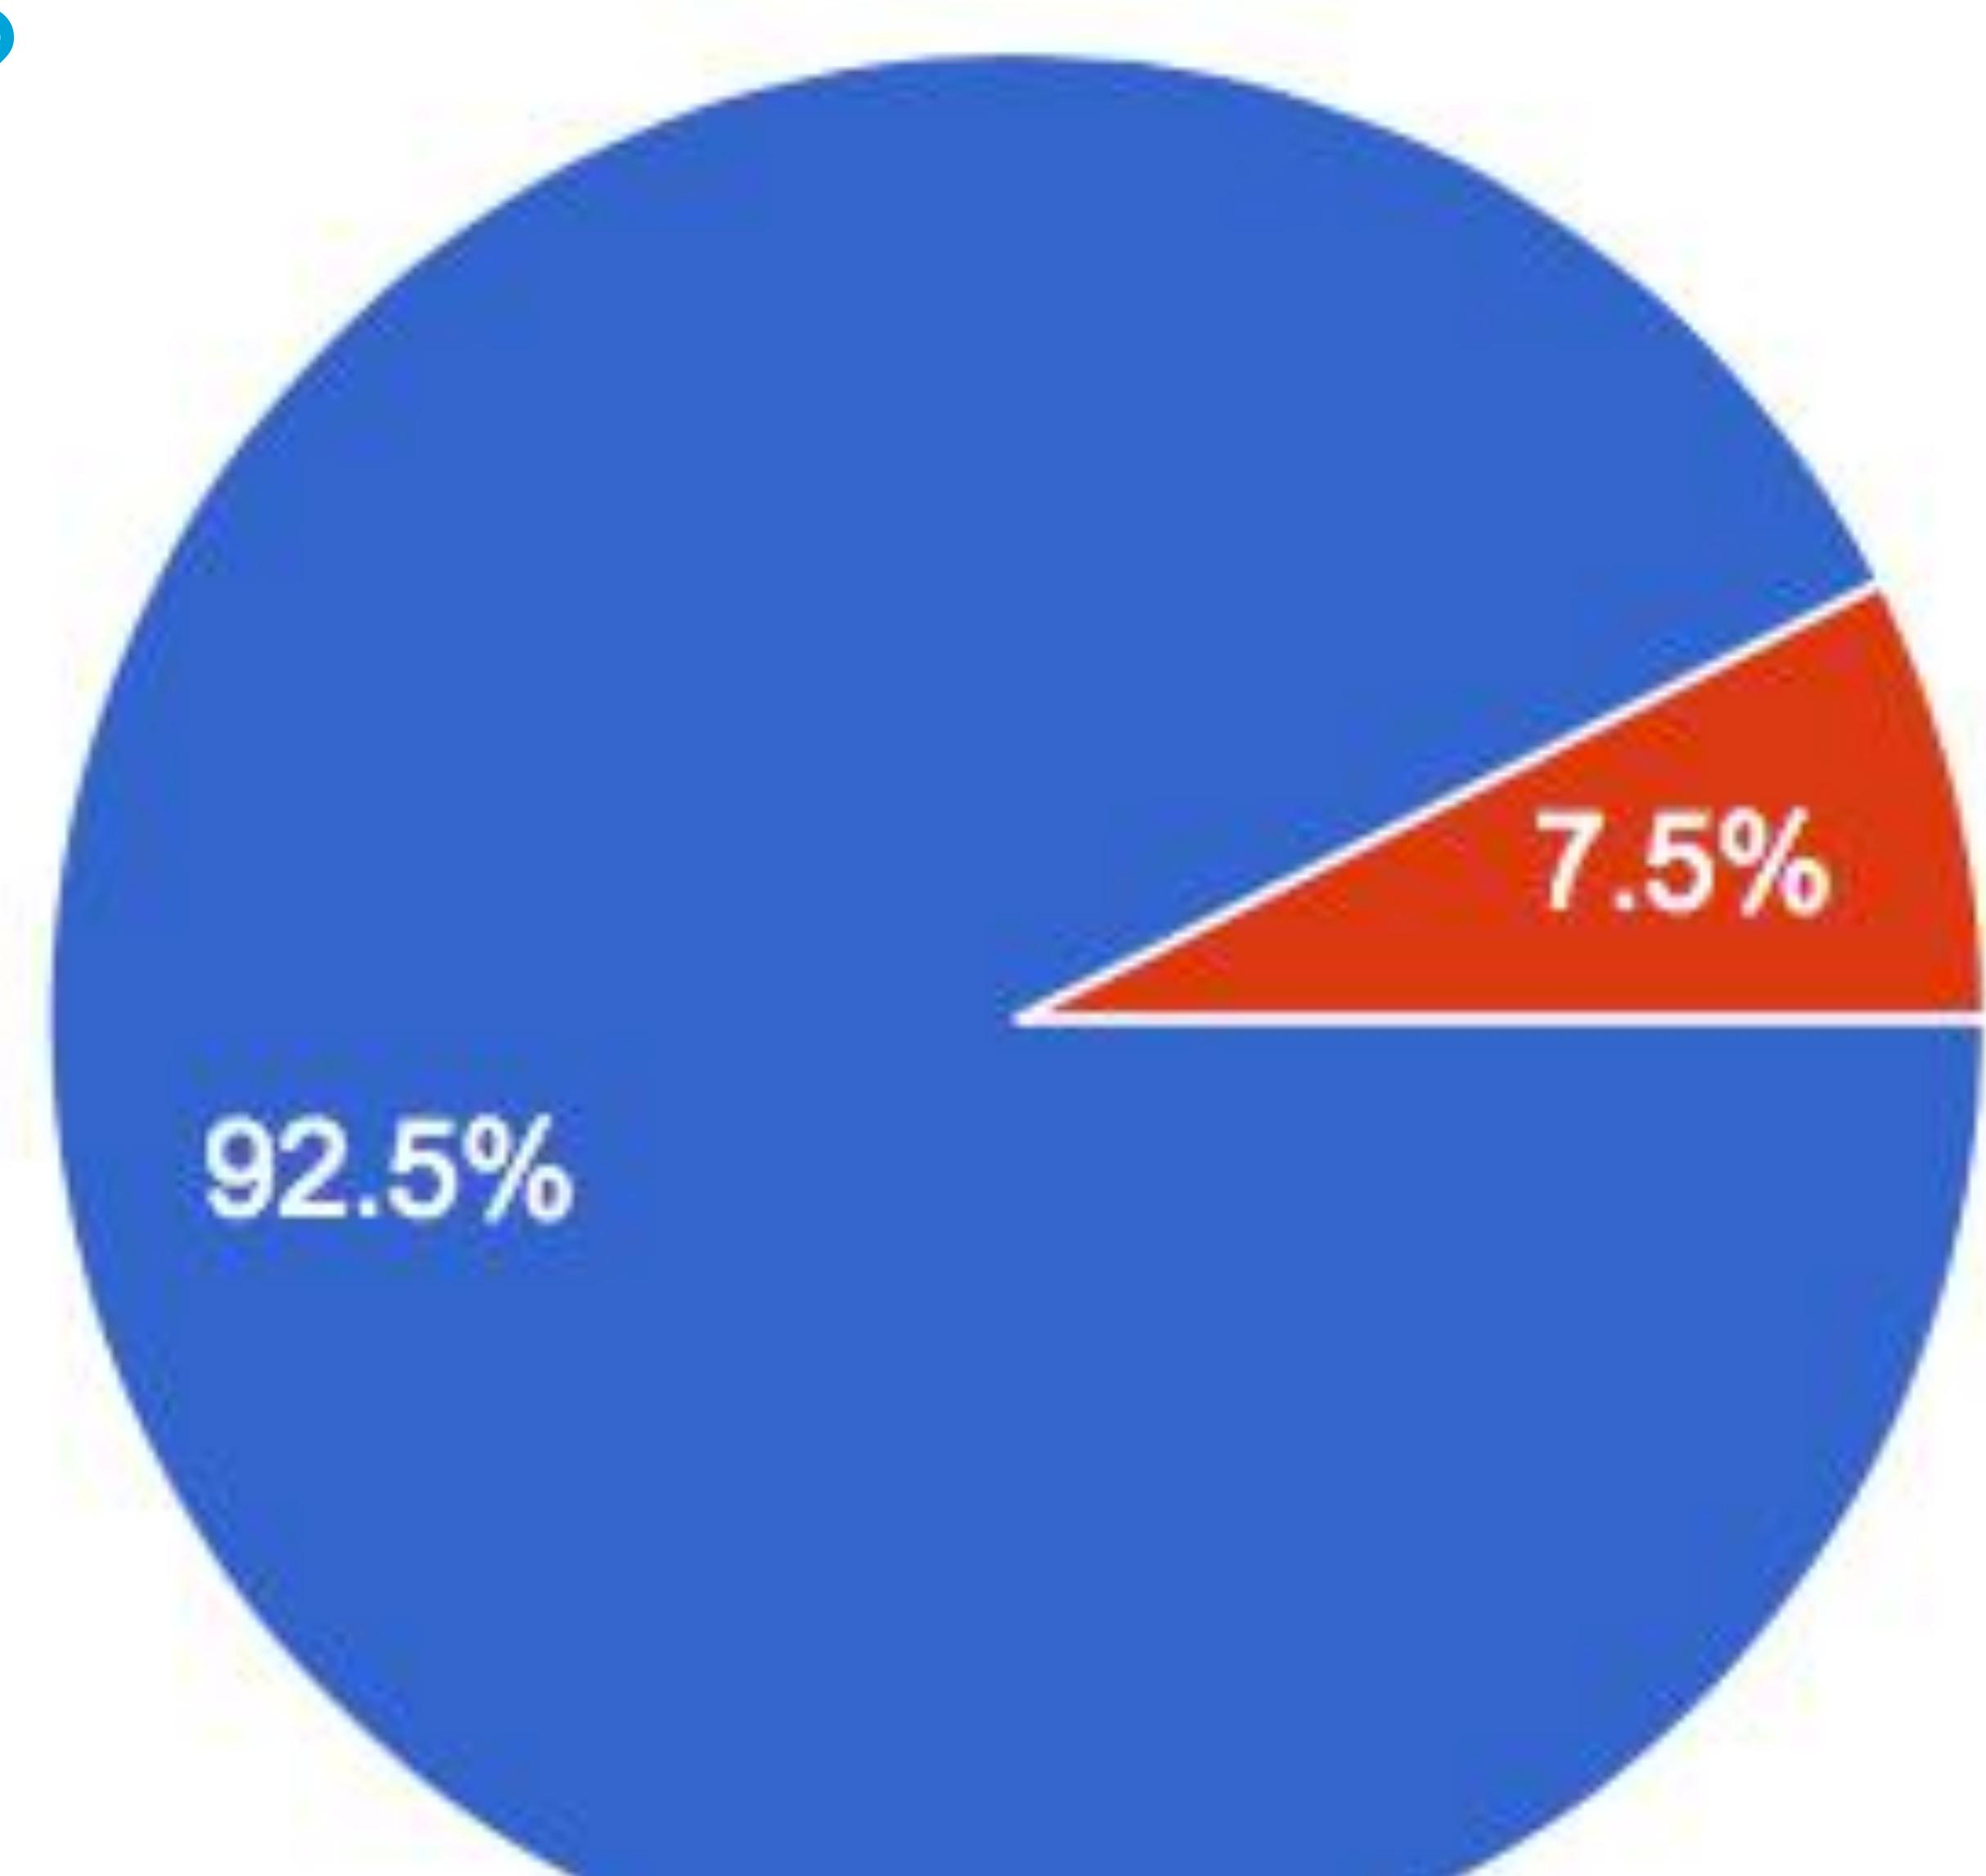

90% of those who did not finish...

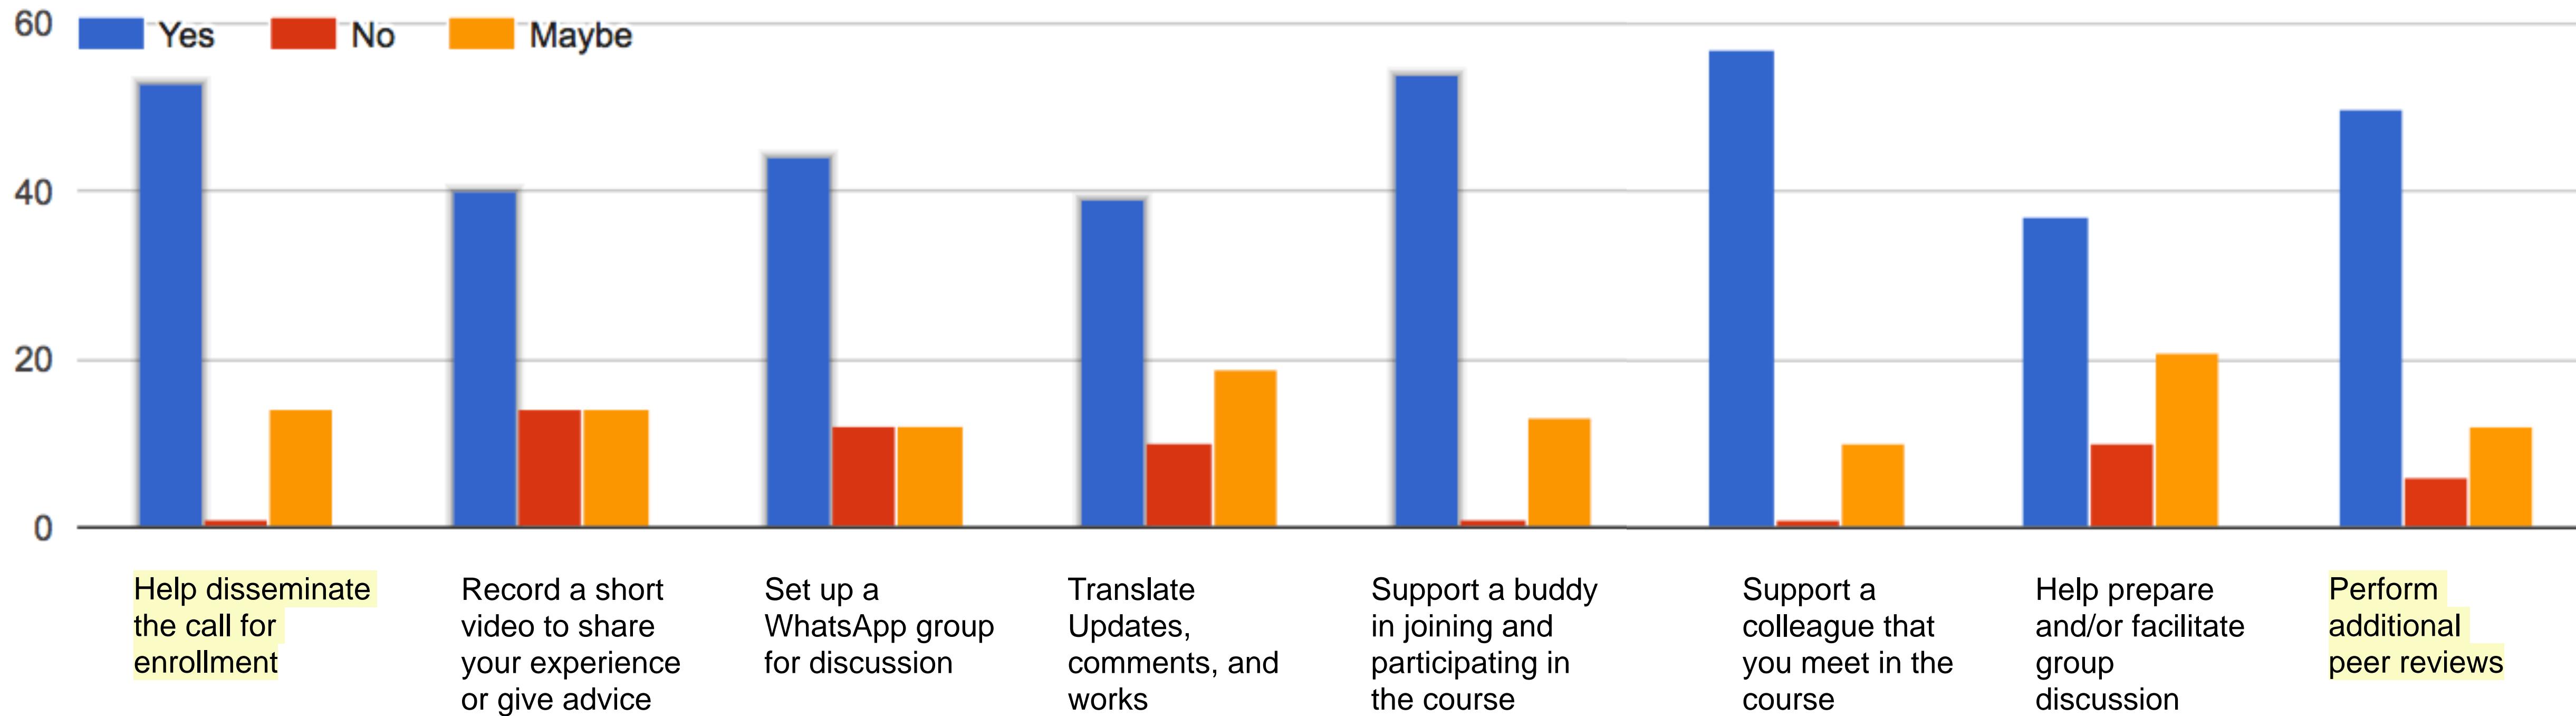

- ▶ ...would like to participate in a future #Ambulance! initiative

Are you ready to become a member of the Community of Action for Ambulance and Emergency Pre-hospital Care Providers in Risk Situations?

If we were to run another #Ambulance! course, would you be willing to help support your colleagues in the following ways?

The Community of Action for Ambulance and Pre-Hospital Services in Risk Situations

#AMBULANCE!

Join fellow pre-hospital emergency health care providers from all over the world. Share experience and best practice in short courses and other online activities.

The Community of Action for Ambulance and Pre-Hospital Services in Risk Situations

#AMBULANCE! 2017

Join fellow pre-hospital emergency health care providers from all over the world. Share experience and best practice in short courses and other online activities.

We have different job roles, practices, and challenges. But the risk of violence is one thing almost everyone has in common, even in peaceful settings.

Despite the potentially serious impact of violence, shared experience, resources and training available to us may be very limited.

In October 2016, over 700 pre-hospital emergency workers from 70 countries signed up for the initiative. In four weeks, we documented 72 front-line incidents of violence and similar risks, and we came up with practical approaches to dealing with such risks.

In 2017, we are inviting you to join this global Community of Action to make access to health care and its provision safer and better protected.

What is happening and when

Summer 2017	Fall 2017	Webinars
Starting on 5 June 2017, you are invited to join the Summer course. We will identify and share the good practices that help us prevent and face violence, even in peaceful settings.	Then, launching on 4 September 2017, participants in the Fall course will document new case studies of incidents of violence and security risk.	Also, we will be hosting webinars (dates to be announced) to support one of us facing a security dilemma or challenge, in order that all of us may learn from it.
course starts on 5 June 2017	course starts on 4 September 2017	REGISTER ANYTIME

Click here now to join the #Ambulance! Crew
or use this link: <http://bit.ly/ambulance-apply>

All activities are free of charge and there is no cost to be paid by participants. You may join one or both courses and participate in the webinars. They are complementary.

مجتمع عمل مقدمي الإسعاف و الرعاية الطارئة ما قبل المشفى في حالات الخطر

الإسعاف !

انضم الى مقدمي الرعاية الصحية الطارئة ما قبل المشفى من جميع أنحاء العالم. تبادل الخبرات وأفضل الممارسات في دورات قصيرة وغيرها من الأنشطة عبر الإنترنت.

ماذا قال الزملاء عن #الإسعاف! ٢٠١٦

«حقا تجربة مذهلة وملفتة للنظر».

٢٠١٧

لدينا أدوار وممارسات وتحديات مختلفة، ولكن مواجهة العنف شيءٌ وحيدٌ مشتركٌ بالعموم، حتى في الظروف السلمية. وعلى الرغم من التأثير الجدي المحتمل للعنف، فإن الخبرة المشتركة، الموارد والتدريب المتاح لنا قد تكون محدودة للغاية.

في تشرين الأول ٢٠١٦، شارك في المبادرة أكثر من ٧٠٠ من مقدمي الرعاية الصحية الطارئة ما قبل المشفى من ٧٠ بلداً. وفي غضون أربعة أسابيع، سجلنا ٧٢ حادثاً من العنف والمخاطر المماثلة من خطوط المواجهة، وتوصلنا إلى نهج عملية للتعامل مع هذه المخاطر. في عام ٢٠١٧، ندعوكم للانضمام إلى هذا المجتمع العالمي لتحسين استعدادنا وقدراتنا لمنع واستباق، والاستجابة للعنف والمخاطر الأمنية.

ماذا سيحدث ومتى

نحوات عبر الانترنت	٢٠١٧	صيف ٢٠١٧
أيضاً، سوف نستضيف نحوات عبر الانترنت (سيتم الإعلان عن التواريخ لاحقاً) لدعم واحد منا مواجهة معضلة أو تدعي أثني، من أجل أن يتعلم كل واحد منا منه.	وبعد ذلك، سيدأ المشاركون في دورة الخريف في ٤ أيلول ٢٠١٧ بتوثيق دراسات حالة جديدة عن حوادث العنف والمخاطر الأمنية.	ابتداء من ٥ حزيران ٢٠١٧، أنت مدعو للانضمام إلى دورة الصيف. وسوف نحدد ونشارك اليمارسات الجيدة التي تساعدننا على منع العنف ومواجهته، حتى في الظروف السلمية.
سجل في أي وقت	٤ أيلول ٢٠١٧	٥ حزيران ٢٠١٧

HEALTH IT'S A CARE MATTER IN LIFE DANGER & DEATH

Comunidad de Acción para servicios pre-hospitalarios y de ambulancia en situaciones de riesgo.

#AMBULANCE! 2017

Únase a un grupo de proveedores de servicios de salud en emergencias procedente de todas partes del mundo para compartir sus experiencias e intercambiar las prácticas más apropiadas a través de cursos breves y otras actividades en línea.

Ejercemos diferentes trabajos, tenemos diferentes prácticas y afrontamos retos distintos, pero el riesgo de afrontar la violencia es un aspecto que casi todo el mundo tiene en común, inclusive en entornos pacíficos. El impacto de la violencia es potencialmente grave. Sin embargo, la experiencia, los recursos y la capacitación que están al alcance de todos nosotros pueden resultar insuficientes.

En octubre 2016, más de 700 colaboradores que prestan servicios en emergencias pre-hospitalarias procedentes de 70 países se registraron para desarrollar la iniciativa. Durante cuatro semanas, documentamos 72 incidentes de violencia y riesgos de primera línea y concebimos soluciones prácticas para hacer frente a dichos riesgos.

En 2017, le invitamos a unirse a esta Comunidad Global de Acción para lograr que la prestación del cuidado de la salud sea una labor más segura y protegida.

Lo que expresó la Tripulación #Ambulance! en 2016
"Verdaderamente una experiencia asombrosa y esclarecedora."

Qué estará ocurriendo y en qué fechas

Verano 2017	Otoño 2017	Seminarios vía Internet
Usted está invitado(a) a unírse al curso de Verano que inicia el 5 de junio del 2017. Identificaremos y compartiremos las prácticas que nos ayudan a prevenir y afrontar la violencia, aun en ambientes de paz.	Luego, a partir del 4 de septiembre del 2017, los participantes del curso de otoño documentarán nuevos estudios de casos de incidentes de violencia y riesgo a la seguridad.	Además, estaremos realizando seminarios en línea (las fechas serán anunciadas) para apoyar a uno de nuestros miembros a hacer frente a un reto o dilema de seguridad, para que todos podamos aprender.
El Curso inicia Junio 5 2017	El Curso inicia Septiembre 4 2017	REGISTRE SU NOMBRE EN CUALQUIER MOMENTO

Haga clic aquí para unirse a la tripulación #Ambulance!
o haga clic en este vínculo: <http://bit.ly/ambulance-apply>

Todas las actividades son gratuitas y no habrá cargos que los participantes deban asumir. Usted puede participar en ambos cursos y en los seminarios en línea. Son complementarios
